

## ART EXHIBITION "MOSAICO E PITTURA" BY MAURO FASOLATO

Mauro Fasolato was born in the countryside ... (Veneto) and maybe that's why the city has never managed to conquer it, like so many other things that only smell of chaotic and artificial. He always looked for nature and peace ... In this exhibition there are works that testify the making of an artistic research aimed at investigating and exploring the possibilities offered by the Musiva technique in different directions.
