ALTO ADIGE SÜDTIROL BALANCE | YOGA

Lo yoga è una disciplina filosofica originaria dell'India. Comprende esercizi fisici e mentali. È il cammino verso la conoscenza di se stessi. Assieme alla nostra esperta intraprenderemo questo emozionante cammino. Ci avvicineremo alle sponde del lago di Neves, gelido e cristallino. Ci lasceremo avvolgere dal blu dell'acqua, dal verde dei prati e dall'azzurro del cielo. Spingeremo lo sguardo fino al lontano orizzonte, dominato dal profilo del Mesule, della Punta Bianca e del Gran Pilastro. E percepiremo la forza della terra. Muovendoci con gesti fluidi al ritmo del vento, sentiremo penetrare lentamente in noi l'energia del giorno che volge al termine. THE DEVILS-RUN

The stamping of hooves will send a cold shiver down your spine. A wild mob dressed up with furs, long coats and horns on their traditional masks (Lorfn) are on their way. The Devils outfits are impressive but the wooden masks are an art in their own right. In these often very heavy hand crafted wooden "Lorfn" much imaginative detail can be seen. Together with rattling chains, deafening cows bells, fire spitting little devils and cheeky witches (Perchten) the spectacle and indeed the illusion is complete. The rite harks back to legend. One which tells the story of times of famine where young farmers, men from high up in the mountains dressed in animal furs and horns, went off on raids.
